You are now on the threshold of entering the West and seeing it in its glory. The West, like Morton, offers diverse opportunities for recreation and education. You will be here for only a short time; make the most of it while you can.

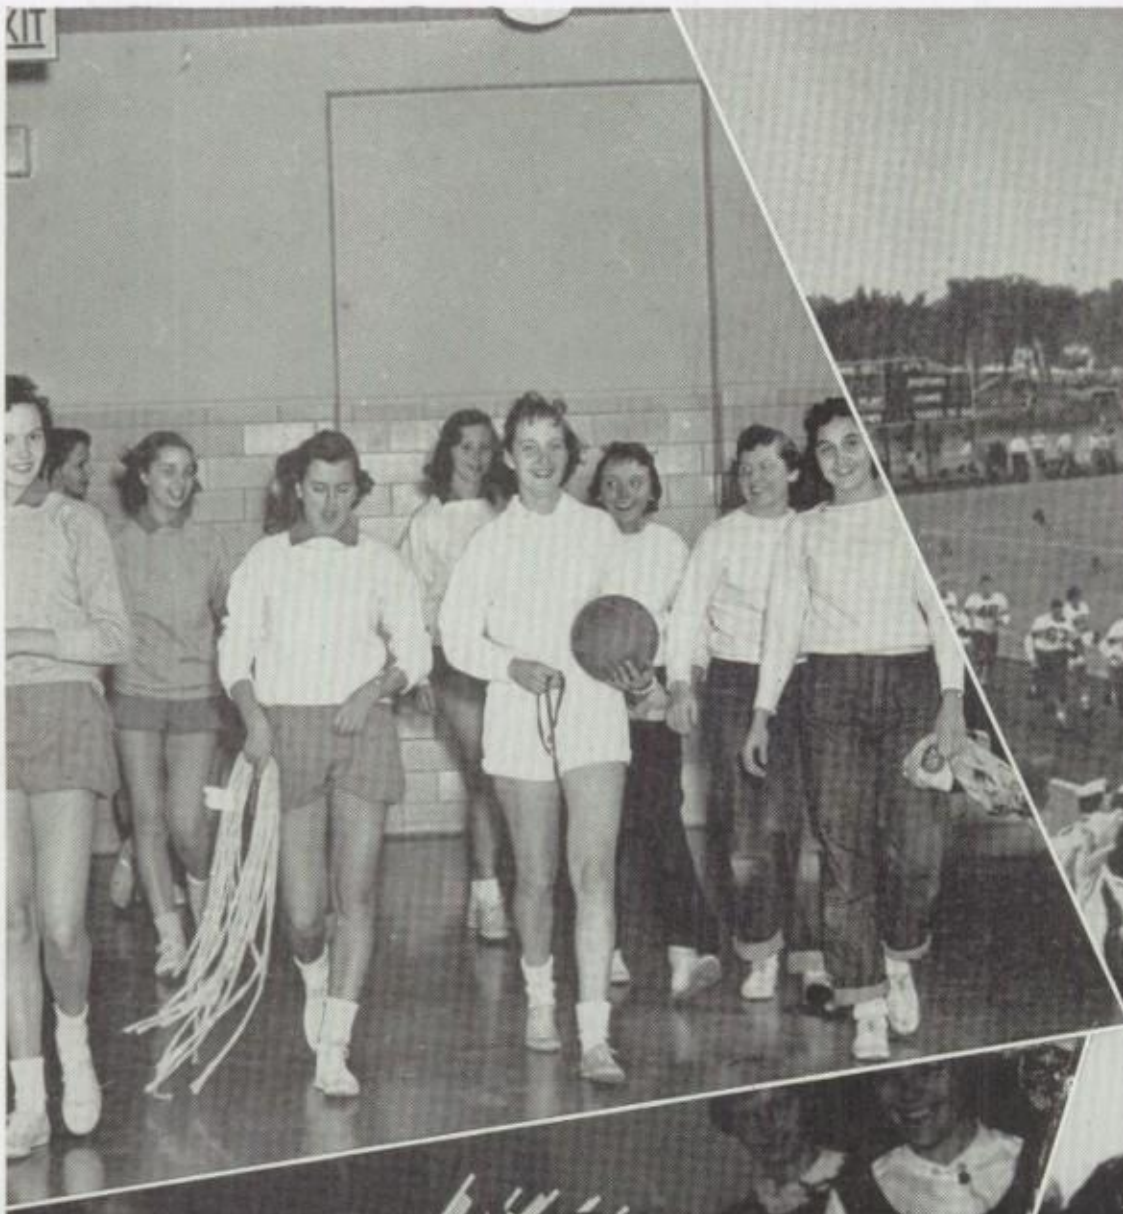
Best of Luck to a mighty "Sweet Girl"
"Tillie"

Just as the cowboys in the West erect fences to safeguard their ranches and livestock, so the classrooms at Morton train and educate the minds of its students in order to protect them from ignorance and prejudice, thus assuring informed citizens of tomorrow who will be able to take their proper place in the world's affairs.



Dulcinda Hattie:

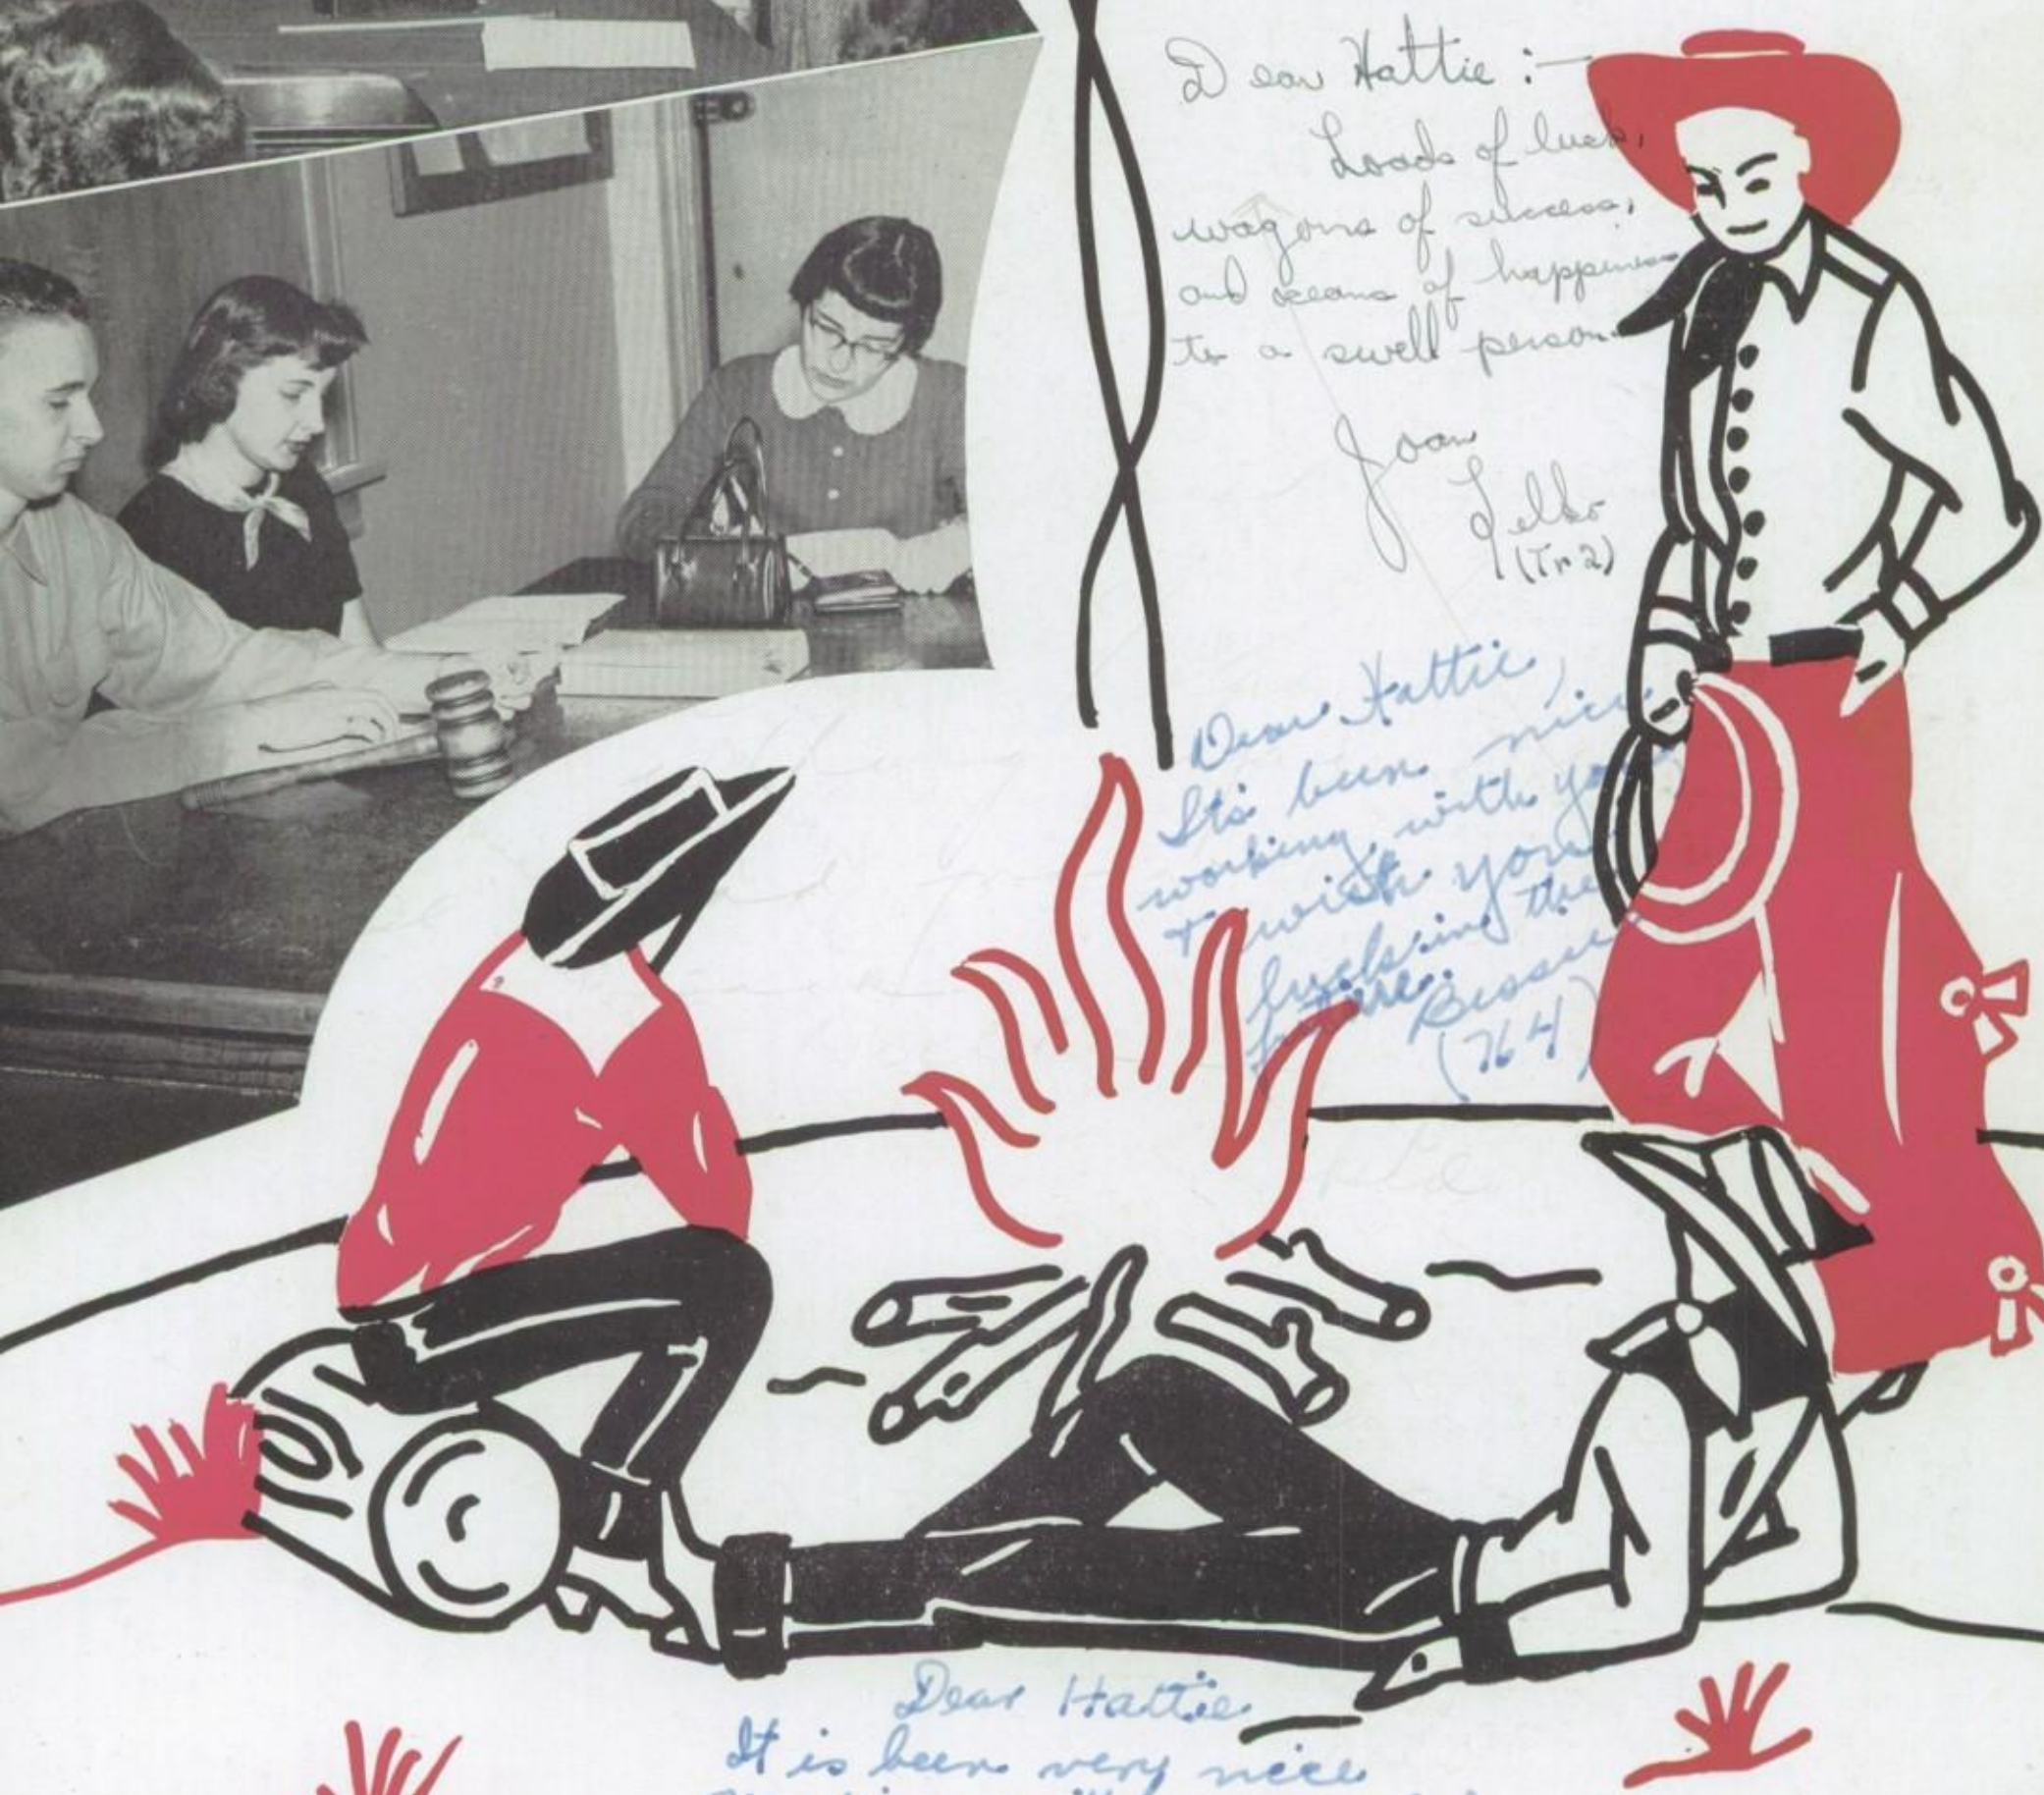
(1947)

From early in the morning through the late afternoon, much hustle and bustle can be found in the classrooms and halls of Morton. This activity is not only confined to books and learning, for there are various recreational programs and athletic events held in the evening or during the week-end. Similarly, the cowboys and ranch hands out West have their days filled with hard work; but once the sun sets and coolness comes, it is time for relaxation around a cheerful campfire.



Board of Education

(Clockwise, around the table.)

Mr. Edward W. Chodl . . . President
Mr. Joseph B. Mrizek . . . Secretary
Mr. James Zourek
Mr. George Prosch
Mr. Otto Oplatka
Mr. Charles Matt
Mr. Otto Pecha, Jr.

The primary function of the Board of Education is to give the students who attend the various schools under its direction the very best education that the funds entrusted to it by law and by the people of the district can procure. This responsible task includes the selection of our superintendent. They must also pass upon recommendations made by the superintendent for the hiring and dismissal of teaching and non-teaching personnel. They budget all money and must pass on recommendations for salary increases and approve all purchases made with tax money.

Although this group of seven men is little known by the individual student, they are the ones who guide the daily instructional facilities for those who attend our complex educational system. They approve purchases of all of our equipment and also pass upon the use of our school facilities by outside organizations. All of us thank these men for devoting their time and efforts to us.

Superintendent

Dear Hattie:
It was swell knowing you this year and all I want to wish you all the success and happiness in the world.
Joyce Draper

MR. ALLEN R. MOORE

The position of Superintendent of Morton is a difficult one, and Mr. Moore is fulfilling it capably. As superintendent, he is responsible for the complete operation of the school and it is his job to see that all school laws of the district and state are carried out. As executive officer for the Board of Education, he works with the Board to supply the needs of Morton students; and in case of emergency he may make a change in rules subject to Board approval. Keeping the community informed about the school activities is another of his jobs, and he must make provisions for hearing and considering ideas about the school which come from the community. His work keeps him constantly on the job, but he is never too busy to counsel an individual student who needs help. His kindness has won for him the respect of all of Morton.

Principal

DR. WALTER L. COOPER

To fill the newly-created position of principal of Morton, Dr. Cooper comes to us from the schools of Wichita, Kansas. His work benefits both the students and the teachers; for he not only provides an adequate program of extra-class activities, but also works to promote good relationships among the various departments and to coordinate their work. The daily program of studies is arranged and scheduled under his direction. He also cooperates with the superintendent in accomplishing a program of public relations and in preparing a budget for the district. Though his duties are many, his ability is equal to their demands; and his friendliness has earned for him the good wishes for success of all of Morton.

Director of Public Relations

MR. E. W. GREEN

Probably every student has at one time or another received a friendly "hello" from Mr. Green. His friendliness and congeniality have made "Pop" one of the best loved persons at Morton. As Director of Public Relations, he has many jobs. He supervises all out of class activities and clubs, and plans the school calendar. All newspaper publicity for the school is handled through his office, and he acts as our representative to the Suburban League. His sparkling personality shines at all assemblies and on "Moments with Morton". All of Morton knows "Pop" Green and wishes him well in the future.

Maintenance

Before the doors of Morton are even open to the students, Ben Smith and his crew are working for our comfort. Any time that repairs are in order, they are promptly and well made. All of Morton owes its thanks to our efficient maintenance staff; and our special thanks to the pictured group of men, all of whom have been with the school for 25 or more years. This group includes Joseph Lokay, of the supply store; Mike Walenga, of the book store; and Charles Dolezal, Louis Smutny, John Klimale, and Ben Smith, of the maintenance department.

Cafeteria

"Mmmm, smells good." And chances are that that good smell is coming from the "caf". The "caf" is beyond a doubt the most popular place in Morton. Every school day the "caf staff" prepares warm lunches as well as selling malts, ice cream, and candy to hungry Morton students. The quickest way to a student's heart is through his stomach and the cafeteria staff has found a place in the heart of Morton students.

Office Staff

Under the capable direction of Miss Louise Willmot, the office staff and the Cashier's office are run. In room 301 all the records are kept and the secretarial work is done. Here also is Morton's switchboard, which is busy all day. Next door in the Cashier's office all class fee tickets are sold, including tickets for shop, home economics, science, and commercial classes.

Medical Department

Have a headache? Need an aspirin, splint, or bandage? Morton's Medical Department is well equipped to handle all emergencies, as well as anything from a minor cut to a bad sprain. Room 380 is busy all day as students file in for home passes or excuses from gym, but the traffic is efficiently handled by the staff. The work is hard, but this department is doing a good job of keeping Morton healthy.

Activities

Well kiddo, this is the end of the year, and I
must say unfortunately. It sure has been fun
typing and shorthand. We never cheat on the
tests or anything, do we. Thats probably the
only way we passed.

You a real "doll" and I know that
whatever you do will be a great success.
We hope you get to see Skip this summer.
We got to meet this guy, he really sounds
like something.

Give me a buzz this summer, and
sometime when you don't have anything
else occupied with & want to have ourselves
a ball. OK??

Look at you. Well kid, here's
hoping at you. Have a real nice summer,
and don't drink too much beer.

Love ya Lots.

Thanks A Lot,
Your pal,
"Lee"

Dear Hattie, Loads of Love, Luck,
and Success to you
in the future.

Without the help of the vocational photographers, Morton students would not receive Annuals at the end of the year. Through their hard and tedious work under the expert supervision of Mr. Druschel, the pictures for the yearbook are taken, developed, sized, and redeveloped in the interest of putting out a master production. Many hours of their free time are spent taking pictures for the Annual, and they even have to give up their evenings for pictures that cannot be taken during regular school hours. When the Annual Staff members run out of ideas, the photographers usually have many suggestions of their own for taking interesting pictures.

The photographers also take time out to join in Annual Staff activities such as parties and basketball games against other active groups of Morton.

MORTONIAN ANNUAL . . . In a distant corner on the first floor of Morton High School is a little room numbered 104. From the smell of glue, the talk of taking pictures, and the warnings of the advisor, Mr. T. D. Fox, "about the deadline", you could easily tell that this room is the birthplace of the Mortonian Annual. This is where the sixteen staff members work diligently all year around gathering material for the "Big Book".

The Annual Staff is chosen in June and starts out on the first job of selecting a theme as well as an eye-catching cover. After this job is accomplished, staff assignments are made and each member hurries to complete his or her specified section. In the process, layouts are planned, pictures are taken, retaken, sized and resized, and finally the biggest job of all, captions and copy, is finished. All the members work together and help one another with unavoidable difficulties.

Even after the Annual is finished being assembled, the work is not finished, for they must now be passed out to the students. With the distribution of the Annual completed, all the staff members breathe a sigh of relief and join in a hearty vote of thanks to Mr. Fox for his patience and advice.

"All work and no play makes Jack a dull boy", so the members of the Annual Staff take time out for parties, basketball games with other productive groups of Morton, and other staff activities which help make the Annual office a better place to work.

WEEKLY . . . On the second floor of the new building in Room 274, you will find the Mortonian Weekly Staff. Since the year 1912 the Weekly has been meeting the "deadline" every Friday with that interesting four page edition which everyone scrambles to get in their fourth and ninth hour classes. In the past 42 years it has been edited under such titles as the "High School Bulletin" in 1912, the "Mortonette" in 1918, and the "Maroon and White" in 1922.

The Weekly Staff is composed of representatives of the student body who donate their time and effort to acquaint you, the students, with the latest news and events which take place at Morton and also with various outstanding literary compositions. In this way also, students who pursue journalism receive beneficial practice. This tremendous amount of work which consists of interviews, sports stories, and other interesting articles is accomplished through the assistance of the Weekly's able advisors, Miss G. Gaarder and Mr. J. Loprieno. The very efficient business advisor of the Weekly Staff is Mr. A. J. Frattinger.

The students of Morton should be very proud of their newspaper, for it has received many awards of national recognition. The Weekly Staff are members of the National Scholastic Press Association, Columbia Scholastic Press Association, and the International Quill & Scroll.

The Morton Weekly has a very large exchange system. It sends papers to and receives papers from every state in the United States as well as the possessions.

FRESHMAN AND SOPHOMORE DRAMA . . . The Freshman and Sophomore Drama Clubs meet together and are usually associated with each other even though they operate separately. The members of these clubs are quickly taught the art of characterization and pantomime. Through actual participation in plays they learn the art of voice projection and techniques of stage movement. The freshmen participated in "Christmas at Casey's", and the sophomores showed their talents in "The Late Captain Crow". The offcers for these two clubs are as follows:

Freshman Drama Club

President	James Smith
Vice-President	Nancy Svec
Secretary	Joanne Slovacek
Treasurer	Mary Jurcik

Sophomore Drama Club

President	Valorie Buzan
Vice-President	Jackie English

JUNIOR DRAMA CLUB . . . The members of the Junior Drama Club aim to improve their poise and self confidence which they gained in their first two years in drama. They also learn stage techniques through further rehearsal and the coaching of Mr. Teeter. The junior dramatists help make their own costumes and props for their productions. One of their presentations this year was a Christmas play, "Song of Glory", which they presented to all English classes. The officers were as follows:

President..... Alice Susin
Vice-President..... Elaine Nesladek
Secretary..... Marlene Severino
Treasurer..... George Potsic

NATIONAL THESPIANS SOCIETY . . . Thespians is the National Honor Society of High School Dramatics. It is composed of students who are the most qualified and who have served their apprenticeship under Mr. Teeter in plays given in the Little Theater. Because the work in dramatics is very hard and requires so much time, only a few students are chosen by Mr. Teeter each year. These new Thespians are initiated in either their junior or senior year, and they are to be congratulated on their advancement in dramatics. The officers are as follows:

President..... George Potsic
Vice-President..... Marlene Severino
Secretary..... Joella Wierer
Treasurer..... Earl Schaumann

SENIOR DRAMA CLUB . . . The main purpose of the Senior Drama Club is the production of the Senior Play. The Senior Play this year was "Green Valley". It is the story of a farmer named Eldon who is about to have his giant-vegetable producing garden taken away from him by unscrupulous Tobias J. Everheel. With the noise of Everheel's tractor and the threat of losing a valley which has been in their hands for a hundred years, Eldon's ancestors "rize" from the grave and do not return to their rest until they cause Everheel's evil plot to explode in his face. The members of the Senior Play make their own settings and supply as many of the props as possible. The Senior Play pictures were taken during rehearsal because of the deadline of the Mortonian Annual. Some of the leading roles of the Senior Play were filled as follows:

Eldon	James Koller
Tobias J. Everheel	John Iovinelli
Prim	June Law
Prue	Dianne Macchini, Maureen Abel

M.S.G.A. . . . Every Morton student is a member of the Morton Student Government Association, commonly known as the M.S.G.A. This organization, which was founded in the year 1933, is much like our national government and is composed of three main branches: executive, legislative, and judicial.

Each home room group elects a representative to the Assembly, the legislative branch of the M.S.G.A. These representatives attend the meetings of the Assembly and report any important school news to their home groups. Each representative represents his own group in electing the executive branch, called the Board of Directors.

This body is elected by the Assembly and is called the Board of Directors. The group elects a chairman, vice-chairman, secretary, assistant secretary, and treasurer.

The chairman of the M.S.G.A. this year is Lee Jones, the vice-chairman is Florence Arlart, the secretary is Nancy Pilot, and the treasurer is Nancy Franz. Three faculty members are also elected to advise and assist the organization. Most of the work which must be done by the M.S.G.A. is completed through various committees which are headed by members of the Board.

The Court has the right to punish any and all students found guilty of breaking any school law. The justices are Jack Russell, Chris Economos, and Carol Mitchell. JUNIOR HONOR SOCIETY . . . The underclassmen of Morton who have maintained an average of ninety or above for two or three semesters, who are in their second year, and who have the qualities of scholarship, leadership, character, and service have an excellent chance of being elected to the Junior Honor Society. All eligible candidates are rated by a poll of the members of the faculty and the final selection is made by a faculty council. This selection is made annually in the month of December and the new members are then inducted at a student assembly.

The Junior Honor Society joins with the Senior Honor Society in the annual presentation of the Honors Banquet which occurs in May.

The Officers this year are: Nancy Pilot, President; John Flora, Vice President; Ludvik Koci, Secretary; Lois Obenauf, Treasurer. The advisor of the group is L. S. Zelip.

SENIOR MASQUE AND GAVEL . . . For the purpose of assisting the student in raising his standards of speech and recognizing and promoting significant student achievement in speech in the classroom and in other school and community activities, the Masque and Gavel, a nationally recognized high school organization, was designed.

Membership is restricted to sophomores and juniors of high scholastic standing who have completed an active year of preparatory work in the Junior Masque and Gavel and have excelled in drama, debate, radio or assembly activities.

Masque and Gavel activities include promotional work for relief organizations within the school and the community, radio programs, cooperation with other clubs, and the promotion and initiation of sister clubs in neighboring high schools. The officers for this year are: Lois Borgeaud, President; George Prescott, Vice President; Florence Arlart, Secretary; Gabrielle Gedvilla, Treasurer; Henry Kuska, Sergeant-at-Arms.

JUNIOR MASQUE AND GAVEL . . . Membership in this organization is open to freshmen and sophomores who have a keen interest in speech activities. Training includes individual and group speech participation, and outside activities are available to superior students.

At the completion of a successful year, members are initiated into Masque and Gavel in an evening meeting to which parents and friends may come.

The officers of this group are: Frank Stephan, President; Emily Hradec, Vice President; Carol Lusk, Secretary; Joyce Tetrev, Treasurer; Betty, Vicha, Sergeant-at-Arms.

Miss F. C. Berry is the able advisor of these groups.

QUILL AND SCROLL . . . A less common name for this organization is the International Honorary Society for High School Journalists. Each member of the Morton Chapter of Quill and Scroll is chosen for having done superior work on either of Morton's two major publications, the Mortonian Weekly and the Mortonian Annual. Those chosen must be juniors or seniors who are in the upper third of their class and who have done outstanding work in some creative or journalistic endeavor. Prospective candidates are determined by the recommendation of either Mr. Fox or Miss Gaarder, faculty sponsors of Quill and Scroll and advisers of the Annual and Weekly staffs respectively. The purpose of the group is to stimulate and encourage high school journalism and to improve journalism at Morton.

Each spring an initiation is held, and a banquet follows. At this banquet the Quill and Scroll pins are presented to the newly elected members.

The Morton Chapter is composed of both high school and junior college members. The high school members this year are: Carol Collins, Jack Dunn, Francene Habal, Wayne Kastl, and Barbara Sodt.

The officers elected this year are: Jack Dunn, President; JoAnn Kircher, Vice President; and Barbara Sodt, Secretary.

One of the favorite pastimes of our students is listening to the Morton Band. The band has brought us pleasure at football and basketball games, assemblies, and at their annual concerts. It was present at the opening of Morton's new football field last fall.

The Morton Dance Band, made up of band members, has played at all of our afternoon dances.

Make Music

t was featured in an assembly early in the year, and t also recorded a full program for the "Moments With Morton" radio broadcast.

Hours of hard work and practice make up the routine of the band members. They are now under the able direction of Mr. R. J. Dvorak.

VARSITY FOOTBALL . . . In the first game of the 1953 football season, the Mustangs whipped Riverside-Brookfield 31-0, playing equally well on both offense and defense. Morton tallied half-way through the first quarter on a 10-yard pass from Tisci to Melwid. The second score was a 53-yard pass from Tisci to Jakab with less than two minutes left in the first half. Thanks to a punt blocked by Kocourek, Melwid picked up the loose ball and ran across the goal line for the third touchdown. Scudieri's conversion was good. The last two touchdowns were scored on runs by Tisci and Napolski.

In the game against Evanston, Morton upset the Wildkits 26-7. With five minutes left in the first half, Tisci crossed the goal line on a quarterback sneak; and Kocourek made the conversion. The second touchdown was accomplished when Powell tossed a 25-yard pass to Kocourek as he crossed the line. Siroky scored the third TD after catching a 30-yard pass from Tisci. Russell made the final tally on a run, and Kocourek added the extra point.

The Mustangs broke New Trier's 10-game winning streak by defeating them 20-7. A long downfield drive by Morton was ended by Tisci when he kept the ball and ran for the TD himself. Kocourek converted successfully. Morton scored again on a Tisci-to-Kocourek pass after which Kocourek added the extra point. Hayward scored the last six points.

The fourth game ended with a tragic note when the Mustangs were defeated by the Highland Park Little Giants 13-0.

The Mortonmen, stirred up by their late defeat, took their revenge at the expense of Niles. In an overwhelming battle, the Mustangs trampled over the Trojans 40-0. Jakab ran four yards for the first score, and Kocourek added the extra point. For the second tally, Hayward took a hand-off and ran thirty yards for the TD. The extra point was added by Kocourek. The first play of the second quarter was an eighty-five yard touchdown run by Tisci. After the interceptor of a Morton pass fumbled, Hendy scooped up the ball and carried it across the goal line. Kocourek converted. The next was on a pass from Tisci to Melwid, who ran seventy yards for the TD. A Powell-to-Siroky pass and an extra point by Kocourek proved to be the final points of the game.

In their first real homecoming game, the Mustangs fell victim to the onslaught of the Proviso Pirates, losing 21-6. Hayward scored the lone touchdown.

Morton lost their two closing games to Oak Park and Waukegan, 27-0 and 7-0, respectively.

Morton turned in one of the finest seasons of the past few years, winning four and losing four, resulting in a tie for sixth place.

In a nine-inning affair, Proviso edged out the Mustangs and Miller 3-2. Morton next split a double header with Highland Park, losing the first 5-4, and winning the second behind a fine pitching performance of Vorreyer, who held the opposition to only three hits. The score of the game was 8-0. Miller turned in another fine pitching performance by shutting out the Oak Park Huskies 5-0 and giving up only 1 hit. Morton, after being beaten by New Trier 5-0, came back against Niles 8-3 after a three-hit pitching performance by Miller, who struck out 12.

The Mustangs avenged their earlier loss to Proviso by turning the tables 5-4. Shoptaw received the win.

In the final game of the regular season, Morton beat Oak Park behind the NO RUN, NO HIT pitching effort of Miller, 2-0.

In District Tournament play, the Mustangs beat La Grange 7-0, Miller allowing only 3 hits and striking out 12. Vorreyer pitched the Mortonmen to their second win by defeating Oak Park 10-7. In a dramatic 10-inning battle, Morton lost to Proviso 2-1, closing the 1953 baseball season.

FRESHMAN . . . Fundamentals. This is perhaps the most important word in the P. E. instruction of Morton's entering freshman girls. It is the time for learning, for this is when the girls are taught the skills of such games as soccer, basketball, volleyball, and baseball. Marching, dancing, and exercising down in the foyer make up a part of the freshman girl's P. E. program. Swimming is another essential activity. For those who cannot swim, this program provides them with the basic skills needed to set them off in the right direction. Hygiene acquaints the girls with all the do's and don'ts necessary for healthful living.

SOPHOMORE . . . The sophomore girl continues on with the usual games and activities of the P. E. program; but she has a chance to enroll in a special class, such as creative dance and lifesaving. If she is recommended by her gym teacher, she may enroll in a leadership class. In this class she will be trained to be the "girl Friday" for a gym teacher. Instructions in driving are also given to the sophomore girl once a week. The advantages and experiences are many and varied for the sophomore who is willing and full of ambition.

JUNIOR . . . By the time a girl becomes a junior, she has mastered most of the fundamentals of the various games and activities. Besides her regular gym work, she has a semester of Home Care of the Sick and a semester of Mother and Baby Care. Upon satisfactory completion of these two courses, she receives her Red Cross certificates.

SENIOR . . . This is the big year for Morton's girls and their physical education classes are no exception to this fact. With all the rules, fundamentals, and skills behind them; they are ready to simply enjoy the games they worked so hard to perfect. For those who have not passed their beginner's swim test, there is a special swim class. First Aid is another phase of the senior's physical education program. She learns that the two most important words in First Aid are: immediate and temporary. She finds that the purpose of First Aid is to prevent accidents, to do the right thing at the right time, to prevent added injury to the victim, and to provide proper transportation.

Intramural activities enable the girls to earn the 1,000 points which make them eligible to become members of the "M" club. They must also have passed the beginner's swim test, be able to swim four lengths of the pool, have an 85 average, and have passed a T. B. test.

The "Snowforall", a box social and one of this year's successful projects of the "M" club, was given in the hopes of establishing a tradition through the years. All the girls look forward to the annual dunes trip taken at the end of the year.

dear Ginger alias Pugg
This seems so strange writing in your annual
for the last time. Just think it's been 4 long
years, and it was 4 short years that we've
become good friends. Remember Gen. Science? (Was
hat pins you used to pinch me with?) That was
really the beginning! We've certainly had some
times naming a few: The Leech, Roller Derby,
Roller Bowl, school, Bethel, and just horsing
around. Your company and companionship was
wonderful but our friendship on the whole was
something I'll forever cherish and believe me I
hope we'll have there's small wats even when we're
old and gray with our 69 grandchildren tagging
behind us. (the trike) Some things really make
me laugh when I think of them especially (for
example) our diversion downtown. Or should I
say tours. Remember the Chicago Theatre?? (How could
you forget!) all those stars. And oaths. then all
those strange ?? people we've become acquainted
with during our friendship. We really do a couple
of different queers aren't we though? I don't have to
name those people. you know! Well all I can
say in closing is I hope we'll stay this friendly
forever (of course we had our quarrels but we got
over them.) Remember when I get married (about 50
years or so) (big law) you'll be my maid of honor. Hey
we won't be so far apart as I thought. I'll be lots
nearer to you. (Poor kid) you'll probably see
me all the time. How miserable for you.
Seriously "Gin" girl I wish you my sincerest
luck & happiness in all your future endeavors
no matter how hard they get. Ha Ha
Love always

Dear Hattie:

Well its finally come and now I don't want to go. How about you. I've sure had a lot of fun with you in Choir & Gym. Wish all the success & luck be yours. I hope I see you after graduation.

Dear Marge,

Being in Intermural and GAA with you has been one of my most looked forward to activities. (anyway you get the idea) When I met you at Ruby's party I didn't know what I was getting into. I hope I see you a lot ~~this summer~~ and our last two years at Morton. Here's hoping you receive all the good things you want and deserve. Best of Luck to a real swell girl.

Mes vers fuisaient, doux
et frêles
Vers votre jardin si beau
Si mes vers avaient des
ailes
Comme l'oiseau!
Pris de vous, purs et fidèles,
Ils accouraient, nuit et
jour
Si mes vers avaient des
ailes,
Comme l'amour.
